RESTRICTED USE PESTICIDE LICENSE AUTHORIZATION 2019

Dear Customer:

As you know, in order to purchase restricted use pesticides (RUP's) we are required by WSDA to maintain current dealer manager license records. We are required to have a name, address and license number of the dealer manager license holder. We must also have on file the names and addresses of authorized people allowed to pick up restricted use pesticides (RUP's) under the primary card holders number.

If you have not renewed your dealer manager license for 2019 we will not be able to sell your company restricted use pesticides. Every license will be verified on the WSDA website for status before any (RUP's) purchase will be allowed.

Please fill out this form and mail or fax (509) 575-1968 to G.S. Long Co., Inc. as soon as possible, thank you for your cooperation.
